Systematic Beneficence

Dr. Stewart presented the report on systematic beneficence. It shows following contributions for various purposes: Foreign missions, \$13,371; home missions, \$2.514; local home missions, \$10,187; colored evangelization, \$273; memorial relief, \$529; ministerial education, \$10,626; schools and colleges, \$6,704; Sabbath school extension, \$603; Bible cause, \$275; home and school, \$2,492; orphans' homes, \$427. Total, \$42,430.

Total. \$42,430.

Women's Societies.

Rev. C. R. Stribling submitted the report of the committee on women's societies in East Hanover Pryshytery. There are fifty-three societies, with a membership of 2,067. The contributions for local causes were \$3,240.51; for home missions, \$1,568.81; foreign missions, \$3,567.16; other causes, \$1,-400.07. Total, \$10,056.55.

Bible Cause.

400.07. Total, \$10,086.55.

Bible Cause.

Rev. D. H. Ralston presented the report on Bible cause. The American Bible Society has had the most prosperous year in its history. Certain large gifts within the last two years have added about \$1,750,000 to the funds of the society. The society has nine domestic agencies, employing 201 persons in the distribution of the Scripture. The society has thirteen foreign agencies, employing 575 persons in foreign lands.

ispecial to The Times-Dispatch.] Petersburg. Va., April 20.—The fourth day's session of East Hanover Presbytery was opened this morning with devotional exercises, conducted by the Rev. W. W. Bain, of Grewe. Certificates of licensure were issued by the stated clerk to the nine young men who were granted license to preach yesterday. Governor William Hodges Mann was in attendance to-day, being especially interested in the matter of the division of the churches in Nottoway county, as recommended by the committee on home missions. has grown to such proportions that it wishes the entire time and service of a separate pastor. And the proposition is to grant this request, and to allow the Nottoway and Crewe chrches to unite. The church at Crowe is known as the Pryor Memorial Church.

Governor Mann spoke briefly to the recommendation of committee, which he did not oppose. But he objected as a matter of sentiment that the Blackstone Church should retain the name of the historic Nottoway Church. That name is dear to the Nottoway Church. Under its pulpit are buried the remains of the saintly Dr. Theodoric Pryor, so long and intimately associated with that church.

After considerable discussion the recommendation of the committee was adopted. The Nottoway Church is the originally organized church is to be organized. The two churches part in brotherly love and perfect good feeling.

Makes Vigorous Speech in Opposition to Canadian Reciprocity.

BACK AT KITCHIN

Denies That He Has Been Influenced by Dalzell or Anybody Else.

(Special to The Times-Dispatch I Washington, D. C., April 29,—Consressman Webb, of North Carolina, today made a vigorous speech in opposition to Canadian reciprocity and took occasion to reply to the strictures placed upon himself and other members of the North Carolina delegation in Congress by Representative Kitchin, in his speech of last Saturday, After discussing reciprocity, and giving his reasons for opposing it, he spoke thus of Mr. Kitchin.

"Last Saturday, my friend and col-

stying his reasons for opposing it, he spoke thus of Mr. Kitchin:

"Last Saturday my friend and colleague from North Carolina, Mr. Kitchin, suggested that we Democrats from North Carolina were being influenced by John Dalzell, of Ponnsyl, vania. Now, I do not think Mr. Kitchin meant that, for he knows Mr. Gudger, Mr. Doughton, Mr. Page, Mr. Pougand myself would not be influenced improperly by Mr. Dalzell, or anybody clse, and yet that statement has gone out over the State. Now, that is not argument, but a species of an attempt to prejudice people. If I were to answer him in kind, I would suggest that he has been placed in company with a Republican President. a Republican Secretary of State, Mr. Knox, who was once an employe of the steel trust who drew this treaty, and J. P. Morgan, who organized the steel trust who organized the steel trust who organized the steel trust who of the Mr. Kitchin voted against it.

Fourth and Broad,

In the spring of 1904 I was confined to my bed with kidney trouble and thought that I would never recover. I took a lot of medicine, but did not realize any benefit from anything. I finally saw Dr. Kilmer's Swamp-Root advertisement and sent for a sample bottle, and thought the sample bottle helped me, so I bought more of the medicine from my druggist, and after using a few bottles discharged a very large stone from my bladder.

After passing this stone my health was very much improved, and I have been able to continue my business without any serious sickness.

smoke and in scanty attire.

The theatre was leased by the Wells theatrical syndicate, of Richmond.

W. D. swinson, a hoseman with Company No. 1, was overcome by smoke and had to be carried from the building by two fellowmens. It was seen that ordinary methods would be unavailing in resuscitating the fireman, and several men were dispatched quickly for a tank of oxygen, and with this Mr. Swanson was revived after hard work by the physicians. Later he was taken in the city ambulance to his fire station, where he went in care of Dr. Thomasson, the assistant city physician. After taking the injured fireman away it was stated by Dr. Buker that he believed Mr. Swanson was out of danger, if he was not attacked by pneumonia, which might follow.

Arthur T. Powell, aged about Ufty-five cashier of the Lynchburg Traction Company and vice-president of the Academy of Music Company, late to-day, while impiecting the ruins of the theatre, fell through a burned place in the floor, dropping twenty feet into burned and invisted debris. He austained a compound fracture of the neck on the right shoulder bone. When the eilow was fractured a number of particles of the shartered to burned and invisted debris. He austained a compound fracture of the skarteries of his hijt. His condition to-night is serious, though he will probably recover.

SHUT-OUT MARKS

(Continued From First Page.)

Juggled what should have been an easy out, from Cowan's bat in the sixth, which was the cause of the scores chalked against Hanks.

On the other hand, Barker was exceedingly lucky. In the eighth, three hits were made off him, and without the almost perfect support which he received he would have lost his game. Barker's greatest attribute is his ability to use his head.

Tenm is on the Joh.

It is gratifying to know that Richmond won the first game of the season by scoring a shut-out, and it is equally gratifying to know that we have a team which can battle against all odds. But what is particularly pleasing is that we have a defensive team which can meet all emergencies. Wallace was the reni star of the game. He was at bat three times, made two hits and got everytiving which came in his territory. Barket pitched a good game, but weakened toward the finish, and it took Jim Sullivan's nerve to keep him up.

Martin showed nerve in working the way he did, with the bad throwing finger which he has, Hanks pitched a heautiful game and deserved an 0 to 9 score. That's about all of particular note.

Here is how it happened: Egan went out easy from pitcher to first base. Martin was hit by lianks. He went to third, when Mattis doubled to right
